“ Oh Donnie I still can not believe that this is real. How can this be true?? At least I know you are with your Dad now and Nana and Papa, until I see you again.....

“ If this is the Donnie Milazzo who attended the L.E.I.P. early childhood program in Liverpool NY, then he was one of my, and other staff's, favorite students. He was funny and sweet and always on the go!
But my most memorable memory of him was the day he returned from gym class, and sat down for snack. I was at my desk writing the day's parent note when I heard the staff repeatedly call his name. As their voices became increasingly louder and frantic sounding, I looked up to see him standing motionless, his lips a deep dark purple. I shouted, "He's choking!" I ran to his side and immediately performed the Heimlich on him, doing it with such intensity that his little feet came clear off the floor. I desperately thought "you will not die, you will not die!" After a few pumps, he spit up a huge chunk of banana, gave a quick gasp of air, and then casually swallowed that banana back down!

Many kids have come and gone over the years I've been a teacher, and I must honestly say I can't remember them all, but Donnie-yeah..I'll never forget him.

I am so very very sorry for your loss.

Sincerely, Debbie Alexis
