“ Teresa, we are saddened to hear of Dave’s passing. He was fun to be around and his sense of humor was the best. We always talked about Dave and still do. One of his sayings we still use to this day is, “Next to nothing, it’s the least I can do.”

“ David was a great person to chat with about jewelry. His jokes always amused me. I enjoyed the fact he would tell me his Jewish recipes and tips on how to make good latkes so I could make them for my husband. We always talked about food. Shocked is an understatement and I am so very sorry for your loss Teresa.

“ David and I worked together for many years at Hazard Street Middle School. In fact, we once collaborated on a project that was a grant winner for classroom projects. To commemorate the award, we each received a plaque. I think of Dave each time I look at that plaque. I also think of him when I look at a ring that I wear every day. I had damaged a special ring, one I wear with my wedding band, and it couldn't be repaired. Dave made a duplicate, creating the mold and setting all of the stones. This ring has been a constant reminder of my marriage, and now it will be a reminder of Dave as well. I am saddened to learn of his passing. With sympathy and love to his entire family...
