“Wow such a great guy. A little story. Class of 1974 10th year reunion at Carmen's. Dave and I left in his car. Well about half way down Bridge St. Dave hit the curb with the right front tire and snaps the tie rod end. The wheel instantly flip back. Thinking Dave would pull over , but nope., we continue onward towards Lakeland. Kind of fuzzy after 37 years but I believe as we cross the railroad tracks the tire gets de-beaded ( prior to that we left a smoking trail of rubber down the boulevard,). Well, now the car is on the rim. As more and more of the rim is abraded the sparks abound in a flurry. He drops me off I think at the blvd and he makes a left on Armstrong on his way home. I watched in awe as the sparks did their magic and illuminated the early morning. I saw him so very few times thereafter. I always wondered what happened to you my friend. My most sincere condolences to family and friends. Rest in Peace my friend and keep the angels entertained.

“ My family and I have come to know Dave. We saw him walking around everywhere. He was the most caring person I know. He was always so positive and smiling. He's watched my children grow up and we always spoke for a bit everytime we saw him. He walked a lot , so we saw him every other day or so. I am truly sorry for his family. He spoke lovingly of them often. My family and I will miss him so much. He was such a good person- he was really nice and always smiling. I will always remember him and I'm very glad to have met him and gotten to know him. He was just so wonderful. He will be missed by all of us that was on his daily walking route. -- Lisa Atwood and family.
