“ Let it be known that Brianna Joy Hurchla was Doug’s third Grandchild. Grandpa was so excited when she was born. He would call her his Bee. Grandpa was a lot of fun. He loved swinging and playing together whether outside or inside eating popcorn watching a movie. We Love you and will miss you!

“ So very sorry to hear of the passing of Doug. He and I were the only cousins of the same age and when in high school did hang a bit. Have a picture of him at my parents house with that old DA cut and a curl on his forehead. What great memories.

“ On behalf of the officers and members of the Syracuse Corvette Club, we join in extending our sincere heartfelt sympathy to you and your family, during this most difficult time. May happier memories help to sustain you and bring you comfort through this period of sorrow, and may the joy and laughter of his life, far outweigh the pain of his passing.

He will indeed be missed, but never forgotten.

“Grandpa had many admirable qualities and was essentially a second father to me while I was growing up. So many of my happiest childhood memories are because of him. He was truly my primary male role model during my most formative years. My strong faith is largely due to him, as he was the only male in my family with whom I regularly discussed God and our Lord and Savior.

Practically every other weekend of my childhood was spent with him. He turned me into a little entrepreneur and he was a self-made man who instilled a strong work ethic in me. My attention to detail definitely comes from him. During times in my life when I had very few sources of positive affirmation, he made me feel worthy.

We challenged each other, and I believe we both learned and grew from one another in many ways. He passed his love of cinema on to me; we saw Titanic together five times. While it wasn't meant to be a lifetime relationship in the end, his passing brings an immense amount of gratitude.

Right up to our last conversation, I made sure he knew how much he meant to me and how thankful I was for the instrumental role that he played in my life. He served the exact purpose that he was meant to when I needed a strong male influence the most.

Thank you, Grandpa, for all that you did for me and for helping to shape me into the man that I am today. You were a man of your era and beyond in so many of the best ways. Until we meet again one day.

Love Always,
Matt ❤️
