“ Dear Mike and Patty,  
I am so sorry to hear of Karen's passing. I have the most wonderful memories of her from my time working at upstate factors. She was beyond kind to me and like another mother always watching out for me. She loved her family so much. She literally never stopped talking about all of you with sweet and funny stories about her daughters and her beloved grandchildren. And Mike....she loved you so much. Sometimes people will joke around or perhaps complain occasionally about their spouses, but not Karen. Every word out of her mouth concerning you was one of praise, love, and admiration. You two were one of the best examples of marriage I have ever witnessed...just beautiful! I will always remember her with great love.
