“ My condolences to you, Chris and the grandchildren. I've known Larry for a long time. Starting with our kids playing baseball and other sports. I remember the good times we had at Duckies, sometimes too many "grenades".and leaving really late. I worked with Larry for 16 years at the town. We had a lot of good times and a few bad. He did like to take a break in the afternoon, we'd go to the old P&C for chicken wings and egg rolls.Larry was always a lot of fun,I'm going to miss him and our breakfast together.May he rest in peace.

“ Sending love and condolences to Joann, Chris, Mikayla, Antonia & Gabriella from Rochester. You are in our thoughts & prayers. Although Larry sometimes has a "crusty" exterior, he had a "soft" interior & a big heart. I will always remember that when we moved to Rochester & complained that people always cut through our neighborhood & sped while the kids were playing, Larry "found" 3 huge orange traffic cones to scatter in our street so that drivers would slow down & the kids would be safe. Those cones were used for 20 years in that house to torment the speeders & when we moved, we passed them onto our neighbors. When you drive by Fairhill Drive, you can still see the cones dotted down the street. He was a "softie" for kids & especially for his granddaughters. Think of him, throwing a beer back & watching what strong and beautiful women the three of you have become. All our love, Lori & Michael Scaravillo.

*Joann, Chris and family, we are so very sad to hear of Larry's passing. So many memories between our families. Every time Larry called to talk to Hap, he would always say in his very distinct voice- CHRISSY, HOW ARE YOU? We would talk about anything and everything and before I gave the phone to Hap, he would have some comment that made me laugh. Larry will be missed by us and all who knew him.*
