Lorraine was very special to me I know her forever. I done her hair since I became a hairdresser . She would bring me lunch , which was something she was cooking that day. She would do anything for me as I would for her. My heart is broken. A piece of my heart is going with her. The best part is we all know where she is. She is with her Lord now. I will do her hair one last time, which will be very hard. She deserves it, she will always be in my heart.

*We were so sad when we heard from John and Diane that Lorraine had passed. We've known her and her family for so many years and celebrations along the way. She always had a ready smile and a warm hug. She was so proud of her family
We are away and will not be back until after the service but send our love to the Colapaulo, Sterio, and Ritchie families

Dearest Lorraine; my wife Keissa and I have known you for all the years that you worked at the GE credit Union within the Lockheed Martin facility in Liverpool. You were one of the sweetest, most kind and gentle person that I have ever met. You took pleasure in helping everyone that came to you at the bank, or outside and you never forget a face or name. You were unique in that respect; you were a mother to every one of us. Although we never discussed your family; as I read your obituary and seeing the size of your family and the background information on your family, I can now understand your patience, love and your kindness. My wife Keissa and I have lost a very dear friend. You will be sadly missed; but your love for your family, friends and the people with whom you interacted throughout your life will live on in our hearts until the day we each die. Rest in heavenly peace Lorraine and may the good Lord take your soul and let it soar with the Angels in heaven

This is such a beautiful video; it shows everything that I thought of Lorraine; she was a person that dedicated her life to her family and to her friends; and despite the struggles that comes with a family; especially a large family; she took it in stride making it look so easy. How do I know this? I am also from a large family; and my immediate family is also large. This is a must-see video for everyone; we can all learn from our beloved Lorraine how to love and care for our family and neighbors and how to cope with the struggles that comes with it.
