“ Dr. and Mrs. Impaglia put up with me and their son John all through our High School days at Bishop Ludden. We were a handful to say the least. They were always kind and patient with us. I got to know the whole family and I will tell you they are all great people. I know he was an accomplished Dentist, served his Country, over saw groups to better the standards of dentistry, and most of all successfully raised a big beautiful, loving family.
