“ Dear Patty -

I know this is terribly belated - but this does not diminish my heart-felt empathy for the loss of your soulmate - Pat. Just learned 2 days ago that you are back in Syracuse.

Will never forget the incredible time we had when Paula and I visited you both in Ozark, MO. That's how I discovered the Ozark Mountain Daredevils and Panama Red. We were all in the peak of our hippie days and you two were already environmentally conscious and devoted in your disciplined organic lifestyle.

It was such a wonderful time -- a time we will never forget.

I remember one blistering hot day in Ozark Paula and I were reluctant to swim in a river because cows had been cooling themselves in the river upstream. And Pat said to me -- "It 's all God. The critters, the people and the river - they're all God." It's something I 've never forgotten and never will forget.

When understood as Pat's compassionate Zen mind understood it - Love's Oneness never ends -- never dies -- is always with us -- and keeps on growing.

Please accept my belated condolences.

Love always -

“ My dear, dear friend Patty, I can not begin to express how saddened I am that our wonderful, kind, intelligent and funny Pat is no longer here on earth with us. He was loved and respected by so very many; and I am honored to have become his friend as well as yours. His passing has left a hole in the hearts of so many of us; though I know this can't possibly compare to loss you are feeling. He was taken far too soon from all of us; especially you. I hope and pray that you can find some comfort in knowing how much you are loved, and that you and all of us will be together again one day, on the other side. I'm sure he is happy seeing and playing with Omar and Spot again; and I know how deeply he loved you. He truly is your soulmate, and I believe he will always be with you, and continue to show you how much he loves you in many unexpected ways. Love, Helen
